Ozark Guidance Center, Inc. is an affiliate of Arisa Health; therefore, both the Ozark Guidance Center and Arisa Health Employee handbook and Equal Opportunity Policy are included in this packet.

### EQUAL EMPLOYMENT OPPORTUNITY POLICY

OGC is an Equal Opportunity Employer. Equal Employment Opportunity has been, and will continue to be, a fundamental principle at OGC. Employment at OGC is based upon personal capabilities and qualifications without regard to race, color, religion, sex, gender (including pregnancy, childbirth, or related medical conditions), sexual orientation, gender identity or expression, national origin, age, disability, genetic information, marital status, citizenship status, veteran status or any other protected characteristic as established by law.

This policy applies to all terms and conditions of employment, including, but not limited to, recruitment, hiring, placement, promotion, termination, layoff, compensation benefits, and all other terms and conditions of employment. It is OGC's intent to comply with all federal and state laws regarding employment practices.

The HR Department has overall responsibility for this policy and maintains reporting and monitoring procedures. Staff members' questions or concerns should be referred to the HR Department. Any staff member or applicant who believes he or she has been subjected to unlawful discrimination should report the incident immediately. Staff members, or applicants for employment, who seek assistance pursuant to this policy will not have their employment opportunities adversely affected because of such a complaint, or be subject to any other type of retaliation.

Appropriate corrective action, up to and including termination, may be taken when any staff member violates this policy.

### YOUR EMPLOYMENT WITH ARISA HEALTH

### **EQUAL EMPLOYMENT OPPORTUNITY**

Arisa is an Equal Opportunity Employer. Employment at Arisa is based upon personal capabilities and qualifications without regard to race, color, religion, sex, gender (including pregnancy, childbirth, or related medical conditions), sexual orientation, gender identity or expression, national origin, age, disability, genetic information, marital status, citizenship status, veteran status or any other protected characteristic as established by law.

This policy applies to all terms and conditions of employment, including, but not limited to, recruitment, hiring, placement, promotion, termination, layoff, compensation, benefits, and all other terms and conditions of employment. It is Arisa's intent to comply with all federal and state laws regarding employment practices.

The Human Resources Department has overall responsibility for this policy and maintains reporting and monitoring procedures. Staff members' questions or concerns should be referred to the Human Resources Department. Any staff member or applicant who believes he or she has been subjected to unlawful discrimination should report the incident immediately. Staff members, or applicants for employment, who seek assistance pursuant to this policy will not have their employment opportunities adversely affected because of such a complaint or be subject to any other type of retaliation.

Appropriate corrective action, up to and including termination, may be taken when any staff member violates this policy.

### NON-DISCRIMINATION AND ANTI-HARASSMENT POLICY

Arisa is committed to a work environment in which all individuals are treated with respect and dignity. Everyone has the right to work in a professional atmosphere that promotes equal employment opportunities and prohibits discriminatory practices, including harassment. Therefore, Arisa expects that all relationships among persons in the workplace will be respectful, business-like and free of bias, prejudice and harassment.

Arisa prohibits discrimination and harassment based on race, color, religion, sex, gender (including pregnancy, childbirth, or related medical conditions), sexual orientation, gender identity or expression, national origin, disability, genetic information, marital status, citizenship status, veteran status, association with a person of a protected status, or any other characteristic protected by law. Arisa prohibits and will not tolerate any such discrimination or harassment.

### INFORMATION FOR EVALUATION

### E.1 Minimum Qualifications

A. Ozark Guidance Center, Inc. (Ozark Guidance) is a private, local, CARF accredited nonprofit, community mental health center (CMHC), certified as a behavioral health agency (BHA) and substance abuse treatment provider (SATP). Ozark Guidance is registered to do business in the State of Arkansas. See Attachment 1 for copy of active registration from the Arkansas Secretary of State's Office. See Attachment 2 for copy of DPSQA License and CARF Certificate of Accreditation. Ozark Guidance is an enrolled Arkansas Medicaid Program service provider. See Attachment 3 for copy of Medicaid Provider Numbers for proposed facilities. Ozark Guidance is an affiliate of Arisa Health, Inc that employs more than 500 individuals to serve an eight county catchment area in northwest Arkansas, including Benton, Carroll, Madison, Washington, Baxter, Marion, Newton, and Boone counties.

B. Ozark Guidance Center has several clinic locations spread across its coverage area. Ozark Guidance proposes to provide Comprehensive Substance Abuse Treatment Services (CSATS), in compliance with the licensure standards outlined by DPSQA, for the Arkansas Department of Human Services, Division of Division of Aging, Adults, and Behavioral Health Services (DAABHS). Ozark Guidance will provide comprehensive alcohol and/or other drug abuse treatment services onsite to the residents of DAABHS CSATS service Area 1 (Benton, Carroll, Madison, Washington), in the form of interim services, outpatient services, partial day treatment, case management, and care coordination. Each clinic facility minimally includes a counseling office and group room space for providing confidential substance abuse services across the identified catchment area. See Attachment 3 for addresses of the proposed facilities. For the purposes of this contract and to ensure continuity of care for individuals receiving substance abuse treatment services, Ozark Guidance will subcontract with DAABHS licensed and approved service providers for Observational Detox and Residential Services. See Attachment 4 for copy of Subcontractors' DPSQA License. Ozark Guidance will ensure all services (clientrelated or non-client related) are provided by appropriate qualified or credential staff. See Attachment 5 for copy of staffing plan with licensure or certification for staff. Ozark Guidance uses Credible electronic health record (EHR) system that is compliant with Health Insurance Portability and Accountability Act (HIPAA). See Attachment 6 for EHR HIPAA Compliance documentation.

### E.2 Scope of Work

A. Ozark Guidance offers Substance Abuse outpatient services for adolescents and adults across eight county areas (Baxter, Benton, Boone, Carroll, Madison, Marion, Newton, Washington). Individuals can be self-referred to any of the outpatient clinics or may be court ordered or referred by other community stakeholders. Ozark Guidance also receives referrals from clinics,

physicians or medical professionals, the judicial system, community providers, or family members. Outpatient substance abuse services primarily operate Monday through Friday, 8:00am to 5:00pm though some services may be available evenings or weekends. Ozark Guidance will provide the following services: interim services, outpatient services, partial day treatment, case management, and care coordination. To provide the full array of Comprehensive Substance Abuse Treatment Services, Ozark Guidance will subcontract residential substance abuse treatment and observational detox. The Residential subcontractors include Northeast Arkansas CMHC; Mid-South Health Systems, Inc., Recovery Centers of Arkansas, and Harbor House, Inc.. The observational detox subcontractor is Crowley's Ridge Development Council, Inc/Northeast Arkansas Regional Recovery Center and Harbor House, Inc. See Attachment 5 for copy of license and certification of vendor staff and Attachment 7 for copy of License and Certification for Subcontractor Staff proposed to carry out the scope of work

### E.3 Standard of Care

A. When an individual seeks substance abuse services from Ozark Guidance, a customer support specialist (CSR) or designee will verify if the individual has a current funding source. If the client has Medicaid or other medical insurance, it is considered primary insurance and will be billed prior to using CSAT funding for any services. If the client has no insurance or is not enrolled in Medicaid, the CSR or designee can assist the client with any application processes for insurance. Ozark Guidance has established mechanisms in place for billing Medicaid, Medicare, and third party payers. If no other funding source is available, Ozark Guidance will begin the financial review process to determine client's eligibility for CSAT funding for substance abuse services. The Financial Review includes review of individual or household annual income to determine they are at or below one hundred fifty percent (150%) of the Federal Poverty Level as issued in the Federal Register by the Department of Health and Human Services.

**B.** Ozark Guidance directly provides partial day treatment for adults and outpatient substance abuse services for adolescents and adults that are strengths-based, trauma informed, holistic, culturally relevant, educational, individualized, and recovery- oriented. Substance abuse services focuses on providing individuals with access to care and support for addiction recovery in a non-residential setting. Services may be provided in individual counseling, family counseling, and group counseling or a combination of services in order to meet the goals of the client. The program goals are to provide tools and resources to enhance the quality of life that will assist them in changing behaviors leading toward a healthy recovery lifestyle. Substance Abuse staff will assist clients in exploring a variety of topics in session including but not limited to: what behaviors brought them to treatment, choices and consequences of substance use, family dynamics, relapse prevention, resiliency and healthy coping strategies, effective communication strategies, the impact of use on their family/children, healthy leisure, daily structure, and feelings identification. Ozark Guidance maintains current and accurate progress notes for each individual

and/or family receiving substance abuse treatment. Ozark Guidance staff are trained in and utilize a variety of therapeutic modalities approved by Substance Abuse and Mental health Services Administration (SAMHSA) such as Motivational Interviewing (MI), Cognitive Behavioral Therapy (CBT), Trauma Focused-CBT (TF-CBT) an/or Dialectical Behavior Therapy (DBT). Staff receive new hire orientation and training which includes substance abuse and/or co-occurring training on the diagnosis and treatment for individuals with substance use disorder. Staff also receive training on evidence based materials that are approved modalities by Substance Abuse and Mental health Services Administration (SAMHSA). Ozark Guidance staff have access to Relias Learning for continuing education and are provided internal trainings on substance related topics. Documentation of training is included in personnel files.

D. An individual seeking substance abuse treatment services is able to schedule a comprehensive substance abuse assessment or come to a walk-in intake clinic available at different locations, days and times throughout the week. The program is designed from intake to discharge with the philosophy that behaviors can change. Clients complete a comprehensive intake / substance abuse assessment with a licensed mental health professional, a licensed or certified substance abuse counselor, or certified substance abuse counselor-in training. The comprehensive substance abuse assessment includes a face-to-face interview with the client utilizing standardized drug and/or alcohol assessment tools including the Addiction Severity Index (ASI). The assessor will gather collateral information from including the referral source if further information is needed. Additionally clients are given the Mental Health Screening Form (MHSF) for screening for possible co-occurring issues. Identifying a substance use disorder is based upon the interview, screening tools, and the most recent version of the DSM diagnostic criteria. The master treatment plan will be based upon the individual's strengths, needs, abilities, and preferences in conjunction with American Society of Addiction Medicine (ASAM) placement criteria for level of care. The substance abuse counselor, with client collaboration, will develop an individualized treatment plan which will include the client's goals for treatment and measureable objectives and interventions to address the goals and problem areas. Treatment plans will be reviewed on a regularly basis with the client and can be adjusted to the client's strengths, needs and response to treatment interventions throughout the course of care. Progress will be measured as outlined by objectives in the treatment plan. Progress or regression will be notated within each session note. A session note will include documentation that includes but not limited to the treatment goals/objectives targeted in the session, the interventions provided to the client, how the client responded to intervention(s), client's overall progress/regression, and plans for next session, including homework assignments. Staff will use the ASAM criteria for helping to determine if client is appropriate to stay or transfer from the current level of care.

**E**. Discharge planning begins at the time of admission. Staff provide ongoing evaluation of the appropriateness of the client's treatment plan and may make adjustments in recommendations based upon ASAM placement criteria and whether the client is making progress or demonstrating regression. Clients are recommended for successful discharge based upon several

criteria including successfully meeting their treatment goals and objectives, demonstrating progress in the identified problem areas, active participation in treatment sessions, attendance in self-help meetings, if required, and completion of an Aftercare plan. Prior to discharge, the care team members will be responsible for establishing an aftercare plan designed to support and increase the progress made during the course of treatment. An Aftercare Plan is included as part of a Discharge Planning and includes but is not limited to the following elements: summary of treatment, overall progress in treatment, and list of recommendations for services or ongoing supports after discharge, if applicable.

Ozark Guidance provides comprehensive outpatient substance abuse treatment services and will continue to see clients for services through successful discharge or client termination. Because Ozark Guidance is able to provide a large array of services and remains a primary treatment provider until client has met treatment goals, Aftercare plans typically focus on providing clients with a list of services they may need in the future. Ozark Guidance works in coordination with a variety of local community organizations providing key services to those in our program including local primary care providers, emergency medical centers, acute psychiatric services, homeless shelters, domestic violence shelters, sober living and transitional housing programs.

See Attachment 8 for Matrix of Community Resources for referral for continuation of service.

### **E.4 Priority Population**

A. Ozark Guidance gives priority to individuals in the order described: intravenous drug users (will receive services within fourteen (14) calendar days, client with greatest clinical need, from the specified DAABHS catchment area, from the state of Arkansas, from other states. Priority is identified at time of screening, intake, and assessment. Priority populations are given the opportunity to be seen on a walk-in basis for intake. Should it become necessary for Ozark Guidance to implement use of a wait list, interim services will be offered as described and within the required timeframes established by DAABHS.

B. Ozark Guidance maintains subcontracts with different agencies and several facilities across the state in order to provide clients with access to residential treatment services when indicated. Staff will contact multiple subcontractors to identify the next available bed to offer clients the soonest admission date. Ozark Guidance staff will provide necessary documentation to subcontractors in a timely manner to guard against unnecessary delay in coordinating an admission.

### E.5 Records and Reporting

Ozark Guidance will provide regular and special reports or plans as requested by DAABHS. Ozark Guidance will have designated staff to ensure all DAABHS funded services provided by the vendor and subcontractor(s) will be entered into the Data Information System by the fifth (5<sup>th</sup>) business day of the following month. Ozark Guidance will have designated staff to submit the Wait List and Capacity Management reports, Annual Program Reports as directed by DAABHS. Ozark Guidance will ensure compliance with DAABHS incident reporting policy and any other reporting information requested by DAABHS within the timeframe established for that reporting purpose as well as participate in trainings and meets as required by DAABHS.

### E.6 Staffing

A. Ozark Guidance provides a large array of services and has a multi-disciplinary team approach. For the purposes of this proposal, Ozark Guidance staff includes Clinical Social Workers, Licensed Professional Counselors, Licensed Psychologists, Licensed/Certified Substance Abuse Counselors and Counselors in Training. Staff who are hired to provide substance abuse-treatment services are required to have active license or certification. Staff receive new hire orientation and training which includes substance abuse and/or co-occurring training on the diagnosis and treatment for individuals with substance use disorder. Staff also receive training on evidence based materials that are approved modalities by Substance Abuse and Mental health Services Administration (SAMHSA). A minimum number of staff in substance abuse treatment programs receive annual training on crisis prevention intervention (CPI), cardiopulmonary resuscitation (CPR) and first aid. Ozark Guidance staff have access to Relias Learning for continuing education and are provided internal trainings on substance related topics. Documentation of training is included in personnel files. Staff are required to participate in routine supervision with frequency determined by their licensure and certification requirements, as well as, when needed.

### E.7 Subcontractors

**A.** When residential or observational detox is recommended, Ozark Guidance staff will coordinate admission to one of the approved subcontracted facilities. Ozark Guidance will provide the subcontracted facility with clinical and demographic information necessary for coordinating an admission to the residential or observational detox program. Ozark Guidance will confirm the facility location, admission date, and time. Ozark Guidance has ongoing communication and care coordination with the subcontracted facility during the client's stay. Subcontracted providers are expected to follow the DAABHS CSATS contract performance indicators. Upon successful completion of residential or observational detox services, the client will be recommended for continued care in outpatient services at Ozark Guidance. Ozark Guidance will perform routine monitoring of services at least quarterly, including site visits.

### E.8 Technology Requirements

A. Ozark Guidance uses Credible Behavioral Health for electronic health record (EHR) system that is fully functioning and compliant with Health Insurance Portability and Accountability Act (HIPAA). Ozark Guidance uses the EHR system for all required clinical documentation, consents, notifications, receipts, etc., and are available upon request. See Attachment 6 for EHR HIPAA Compliance documentation. Ozark Guidance maintains a twenty-four (24) hour emergency phone number, operable seven (7) days a week for the designated catchment area to assist with emerge situations and access to services. Calls to the emergency line are answered by live staff and provide the caller necessary resources to assist the caller until the next business day. The phone number is provided to clients, visible at entries and provided on answering machines. Ozark Guidance has specific policies and procedures outlining the training and management of this process.

### E.9 Physical Plant

A. Each outpatient clinic facility minimally includes a counseling office and group room space for providing confidential substance abuse services across the identified catchment area. All Ozark Guidance facilities have routine maintenance and safety inspections to ensure the environment is safe, secure and health and in compliance with licensure standards by Division of Provider Services and Quality Assurance (DPSQA) and Licensure Standards of Alcohol and Other Drug Abuse Treatment Programs. Ozark Guidance will ensure all service site utilities are maintained in proper working condition and will notify DAABHS within twenty-four (24) hours of any issues with facilities. Ozark Guidance will ensure physical facility repairs are completed by appropriately qualified persons or technicians and will ensure all utilities are repaired within seventy-two (72) hours of a determination that deficiency exists (except when repair is responsibility of utility company). Residential and observational facilities that are subcontracted will be monitored for compliance with the physical plant expectations.

Subject: CARF Expiration Date & Survey Timeframe

### Dear Ms. Wooding:

Due to the unprecedented challenges faced by organizations during the public health crisis, CARF has postponed hundreds of surveys planned for 2020. As a result, CARF is now experiencing an extremely high volume of surveys in the January/February timeframe. Accordingly, CARF is permanently changing the accreditation expiration date for Survey Number 139374 to November 30, 2021, with a corresponding September/October survey timeframe. The survey will be conducted under the 2021 standards manual, with 2020 fees. A complimentary PDF of the applicable 2021 manual will be emailed to you after it is published in January.

If you accept this change, you do not need to take any action. CARF will update its records and you will receive an email confirmation in approximately two weeks. CARF will contact you before scheduling the survey to identify any specific dates to avoid.

CARF understands that the new survey timeframe may be a hardship for some organizations. To reject this change and retain the current accreditation expiration date and survey timeframe, you must reply to this email within seven (7) calendar days (December 8, 2020).

CARF appreciates your flexibility and apologizes for any inconvenience. Thank you for your dedication to enhancing the lives of persons served.

Sincerely, Leila Nassar Manager, Survey Services CARF International 888-281-6531, ext. 7150

Adolescents)

Residential Treatment: Integrated: SUD/Mental Health (Adults)
Residential Treatment: Substance Use Disorders/Addictions (Adults)
Specialized or Treatment Foster Care: Mental Health (Children and

Adolescents)

Governance Standards Applied

This accreditation will extend through October 31, 2023. This achievement is an indication of your organization's dedication and commitment to improving the quality of the lives of the persons served. Services, personnel, and documentation clearly indicate an established pattern of conformance to standards.

The accreditation report is intended to support a continuation of the quality improvement of your organization's program(s)/service(s). It contains comments on your organization's strengths as well as any consultation and recommendations. A Quality Improvement Plan (QIP) demonstrating your organization's efforts to implement the survey recommendation(s) must be submitted within the next 90 days to retain accreditation. The QIP form is posted on Customer Connect (customerconnect.carf.org), CARF's secure, dedicated website for accredited organizations and organizations seeking accreditation. Please log on to Customer Connect and follow the guidelines contained in the QIP form.

Your organization should take pride in achieving this high level of accreditation. CARF will recognize this accomplishment in its listing of organizations with accreditation and encourages your organization to make its accreditation known throughout the community. Communication of the accreditation to your referral and funding sources, the media, and local and federal government officials can promote and distinguish your organization. Enclosed are some materials that will help you publicize this achievement.

Your organization's complimentary accreditation certificate will be sent separately. You may use the enclosed form to order additional certificates.

**CARF** International Headquarters

6951 E. Southpoint Road Tucson, AZ 85756-9407, USA Dr. Sparks 2 December 29, 2020

If you have any questions regarding your organization's accreditation or the QIP, you are encouraged to seek support from Jessica Montijo Soto by email at jmontijo@carf.org or telephone at (888) 281-6531, extension 7075.

CARF encourages your organization to continue fully and productively using the CARF standards as part of its ongoing commitment to accreditation. CARF commends your organization's commitment and consistent efforts to improve the quality of its program(s)/service(s) and looks forward to working with your organization in its ongoing pursuit of excellence.

Sincerely,

Brian J. Boon, Ph.D. President/CEO

## **WORK HISTORY**

1/2012-1/2015 Ozark Guidance. (Springdale, Arkansas). Held the following positions:

- *Mental Health ParaProfessional.* Assisted seriously mentally ill adults as part of a treatment team in achieving individualized therapeutic goals by improving client stability through assimilation into the community and accessing available resources.
- Behavior Intervention Specialist/Mental Health ParaProfessional. Provided appropriate therapeutic interventions to students in a school setting located in Decatur and Gravette in accordance with their Master Treatment Plan in an effort to improve their functioning levels and skills in the classroom and at home.
- 10/2011-1/2012 Youth Bridge Inc. *Weekend Supervisor*. (Fayetteville, Arkansas). Responsible for overseeing and managing the employees and adolescent clients at a residential substance abuse facility to ensure implementation of program goals and objectives, including preparation of weekly assessments and reports.

7/1997-6/2010 Youth Home Inc. (Little Rock, Arkansas). Held the following positions:

- Behavior Specialist/Teacher Aide/Mental Health ParaProfessional. Responsible for overseeing and helping to control the behavior of emotionally disturbed adolescents in a school setting through implementation of appropriate therapeutic and behavioral interventions based on review and assessment of individual patient needs. Also offered individual assistance to students with their school instruction and assignments.
- Residential Treatment Counselor. As a member of a multi-disciplinary team, responsible for supervising adolescent patients and providing a safe, secure, and positive environment. Assisted in the implementation of individual treatment plans and offered instruction and guidance on emotional, educational, and life management skills. Developed incentive programs to encourage patients to meet or exceed set behavioral objectives.
- Long Term Substitute Teacher. Acted as full time substitute teacher on four separate occasions for terms ranging from two months to six months. Taught various subjects to adolescents, including English, Math, and assorted Science and Social Science classes. Responsible for developing necessary course work and assignments and providing individual and group instruction and assistance.
- 9/1996–5/1997 Columbia University of Social Work. Student Intern. (Brooklyn, New York).

Case manager for Brooklyn Veterans Affairs Psychiatric Support Program. Responsible for evaluating and assessing patients and for creating, implementing and monitoring individual treatment plans for chronically mentally ill veterans.

2/1996-9/1996 United Cerebral Palsy. Day Habilitation Worker. (Little Rock, Arkansas).

Responsible for providing and improving daily independent living skills for a physically challenged adult and a mentally retarded adult through the establishment and implementation of daily, monthly, and quarterly treatment plans for both clients.

3/1987–12/1995 Arnold, Grobmyer & Haley, Attorney. (Little Rock, Arkansas).

Engaged in all stages of federal and state civil trial and appellate practice and performing oral arguments at appellate courts.

5/1984–1/1987 Wise, Carter, Child & Caraway. Attorney. (Jackson, Mississippi).

Prepared and drafted pleadings, motions, and briefs in state and federal trial and appellate courts.

## **EDUCATION**

- Completed First Year Masters in Social Work studies, Columbia University School of Social Work (Clinical Practice Emphasis)
- J.D., Washington and Lee University School of Law
- B.A., University of Arkansas (Political Science Major), Phi Beta Kappa

## Kristen McAllister, LCSW

239 WHITE RD. FAYETTEVILLE, AR 72703 • 972.989.1725 • KETOBEY@GMAIL.COM

## **Professional Summary**

Licensed Certified Social Worker with twelve years and a broad range of experience in the provision of mental health and substance use services at the micro, macro, and administrative levels.

## Skills

- Skilled practitioner of substance use and mental health systems of care
- Strong rapport-building and community engagement skills
- Demonstrated strong public speaking ability

## Work History

## Director of Crisis and Forensic Services, September 2018 to Present

Ozark Guidance Center- 2400 S. 48th St. Springdale, AR

- Took the "seed" concept of a Crisis Stabilization Unit\*, defined administrative and clinical processes and procedure and brought it to operational and accepted reality
  - \*a short term, sub-acute, 16-bed residential care unit to serve individuals experiencing mental health or substance use crisis in lieu of arrest/incarceration or burdening area emergency departments. The Northwest Arkansas CSU is 1 of 4 such facilities in the state of Arkansas, as established by Arkansas Act 423
- Established partnerships and maintain relationships with community stakeholders, local and state governments, area law
  enforcement agencies, local advocacy groups and various treatment providers
- Established and developed program philosophy, policies, procedures and culture
- Provide administrative and clinical oversight of staff, to include mental health professionals and paraprofessionals, in addition to administrative oversight of APRNs and nurses
- Oversee day time, after hours and weekend crisis on call services to include the provision of clinical services, the financial management of Local Acute Care dollars and the clinical oversight of mental health professionals
- Manage program budgets and state contracts pursuant to the Crisis Stabilization Unit and Crisis Services

## Director of OSAR Services, Region 7, August 2015 to June 2018

Bluebonnet Trails Community Services- 1009 N. Georgetown St. Round Rock, TX

- Oversaw the administration and provision of OSAR Services across a 30-county region (total population 3.29 million) in accordance with the Texas Department of State Health Services and the Texas Administrative Code
- Provided administrative and clinical oversight of ten OSAR staff members, to include Clinical Team Lead, counseling staff and office manager
- Managed program budget
- Implemented a strong community presence and developed relationships with treatment providers and community stakeholders (i.e. local hospitals/emergency rooms, mental health community centers, Department of Family and Protective Services, and the criminal justice system)
- Established successful community outreach efforts to ensure widespread awareness and provision of OSAR services

## OSAR Clinical Team Lead, March 2014 to August 2015

Bluebonnet Trails Community Services

- Assisted the Director of OSAR in responsibilities related to the administration of OSAR services
- Provided clinical support to eight counseling staff to include case consultation, documentation review/approval, and clinical intervention
- Monitored and successfully facilitated referrals to treatment providers and community resources to ensure continuity of care across a 30-county region
- Throughout, maintained personal case load averaging 30 consumers per month
- Developed and successfully implemented a training manual for the OSAR program

## OSAR Counselor, August 2012 to March 2014

Bluebonnet Trails Community Services

- Provided screening, assessment and diagnostic impressions for individuals seeking substance use services
- Linked individuals with appropriate substance use treatment providers, while coordinating ongoing care to address individualized recovery goals

## Education

Master of Science: Social Work, 2009
 The University of Texas - Austin, Texas

Bachelor of Science: Psychology, 2007
 Texas A&M University- College State, Texas

## Licenses and Specialized Training

- State of Arkansas, LCSW (No. 8495-C)
- Certified Crisis Prevention Institute Instructor
- Certified Crisis Intervention Team Instructor Memphis Model
- Trained in ASIST Suicide Prevention technique
- Provided agency wide training in Screening, Brief Intervention and Referral to Treatment (SBIRT) model
- Assisted in implementing aspects of the Texas Targeted Overdose Response under federal and state guidelines

## Work History, continued

## Behavioral Health Intake Counselor, October 2011 to August 2012

Bluebonnet Trails Community Services

- Completed full bio-psycho-social assessments and provided diagnostic impressions for adults and youth presenting for Behavioral Health services
- Coordinated with various inter-agency departments and community providers to ensure continuity of care
- Linked individuals with alternate resources when needed

## Intensive Psychosocial Case Manager, May 2009 to October 2011

Bluebonnet Trails Community Services

- Provided psycho-social rehabilitation skills training, coaching and support to an average caseload of 20 individuals with chronic mental illness and frequent psychiatric crises
- Developed and implemented individualized treatment plans; documented treatment outcomes; and provided crisis assessment and intervention

## **SUMMARY**

I have over a year experience working at a mental health outpatient clinic as a Mental Health Therapist. I am currently a Licensed Associate Counselor. Before I became a therapist, I worked over 5 years for the state of Arkansas at Arkansas Rehabilitation Services as a Certified Vocational Rehabilitation Counselor.

## **CERTIFICATIONS**

Licensed Associate Counselor (LAC)
Certified Rehabilitation Counselor (CRC)

WORK EXPERIENCE

Dayspring Behavioral Health
Mental Health Therapist/ Licensed Associate Counselor
Lamar, AR

Sept 2015- present

Encouraged clients to share their thoughts, feelings, and mental health symptoms. Performed evaluations and intakes. Determined diagnoses for clients according to DSM 5. Wrote master treatment plans and reviews. Did individual, family, and group counseling. Collaborated with other members on the treatment team including mental health paraprofessionals, advanced nurse practitioners, and doctors. Helped clients learn techniques and strategies to deal with symptoms. Helped clients problem solve issues in their lives. I have worked with a variety of ages, but I have the most experience with adults.

Arkansas Rehabilitation Services
Certified Vocational Rehabilitation Counselor
Booneville, AR and Fort Smith, AR

March 2009-Sept 2015

Manage a caseload of between 140 and 200 individuals with disabilities. Review client progress based on grades and progress reports. Maintain relationships with local high schools, various community resources, and training facilities. Take applications for services and answer questions. Write Individualized Plans for Employment based on consumer choice and diagnostic information. Determine eligibility for the program based on statements from medical and psychological professionals. Discuss various job opportunities with clients. Use counseling skills

ERICA OLSON PAGE 2

to encourage clients to obtain and maintain employment. Maintain a professional relationship with support staff.

## **EDUCATION**

After getting my masters from UA Fayetteville, I have taken graduate counseling courses through both JBU and UALR so that I could obtain my LAC.

University of Arkansas Fayetteville graduated on December 17, 2008 with 4.0 GPA Fayetteville AR

Masters of Science in Rehabilitation Counseling

John Brown University graduated on May 5, 2007 with 3.552 GPA Siloam Springs AR Bachelors of Science in Family and Human Services, Minor in Psychology.

### Dear Counselor:

Congratulations! Enclosed are your wallet certificate and the new date sticker to add to your wall certificate signifying your re-licensure with the State Board of Examiners of Alcoholism and Drug Abuse Counselors for 2020-2021. Check the license carefully and let me know of any discrepancies. Also, let me know if your contact information changes at any time.

Take note of the NEW ADDRESS at the top of the page. This is the address you should use after January 1. The phone & fax #'s and the e-mail address will remain the same. Please don't hesitate to call me with questions or concerns. I enjoy working with each one of you.

Sincerely,

Pam Fite

This is to notify you that your licensure as a Social Worker has been approved for the period of October 1, 2020 through September 30, 2022. The attached wallet-size license card will serve as confirmation of license renewal.

Please remember to retain your continuing education documentation for a period of two-years in the event you are audited. If audited, you will be required to submit documented proof that you attended all of the continuing education you listed on your summary sheet. If you are unable to provide proof that you attended the workshops, an administrative hearing will be held to consider revocation of your license.

In order to renew your license for your new expiration date, (September 30, 2022) you must obtain 30 hours of social work continuing education between the dates of October 1, 2020 through September 30, 2022. Only hours obtained between these dates will apply toward your next renewal period. Please see the Board's website for specific requirements for continuing education.

Future, renewal notice reminders will be mailed to the address on file in the Board office approximately two months prior to the expiration date of your license. It is your responsibility to notify the Board of any change in address and to renew your license in a timely manner even if you do not receive the reminder.

Congratulations on your license renewal, and please contact the Board office if you have questions or need additional information.

Please watch the Board's website on a regular basis for updates on changes that may affect your recuse.

Please remove card carefully!

Bend back and forth along crease it before separating

Arkansas Department of Health
Social Work License Card

complete in action 30 2 2 th of masses

Expiration Date:

ard Brent Gossett, LCSW

North Fakes St., Apt. 7 McCrory AR 72101

and bearer is licensed and in good standing with the Arkansas islal Work Licensing Board.

Chair Ind.

The card to the left is your new social work license card, which reflects your new expiration date. This is the only card you will receive. Please punch it out carefully along the perforated line.

If lost or stolen, an additional card may be requested by written request and a cashier's check or money order in the amount of twenty dollars (\$20).

Please keep this letter for your records. You may wish to make a copy before you remove the card.

### BRENT GOSSETT
